

ARTIFICIAL INTELLIGENCE - NOW AND NEXT

- How society and businesses must evolve as machines become smarter.
- Progress in AI has exploded over the past 10 years and it is becoming more and more present in our daily life.
- Join a panel of experts who will discuss the impact of the technology on our jobs, life, health and education.

Michal Pěchouček, Founder Artificial Intelligence Center at Czech Technical University

Petr Baudiš, co-founder Rossum.ai

Ivo Gavenda, Senior Manager at Accenture responsible for Robotic Process Automation, Cognitive Computing and Artificial Intelligence

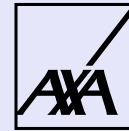

Vladimír Kadlec, Head of Research at Seznam.cz

Dmytro Turchyn, Artificial Intelligence Lead, CEE HQ at Microsoft

For whom: anybody who wants to understand better what kind of future is being built before our eyes. Come and join a non-technical conversation about the impact of Artificial Intelligence.

In partnership with:
