## Speed Business Meeting

### Principle:

This type of meeting provides each participant with a unique opportunity to present products or services of the company s/he represents within ten ten-minute one-to-one meetings. In addition, participants may also briefly discuss common business interests and the potential for future cooperation. Business networking continues during the buffet dinner following the meetings. In this way, you extend your network of contacts with companies from various industries in a very short time. Thanks to the cooperation of three various chambers of commerce you can get together with company representatives whom you usually do not meet at the regular events of your own chamber.

### Please note:

In order to ensure a diverse mix of companies representing industry, trade and services, **participation is limited to a maximum of three companies per sector**. Therefore, only the first three applications will be accepted – so do not hesitate and sign up!

Please let us know by **Wednesday, 27<sup>th</sup> February 2019** if you wish to participate:
